

FCA GROUP

By: Carla Mock

FCA stands for Fellowship of Christian Athletes, the group was founded in 1954. The group meets on Thursday, during lunch, in the library. You do not have to be an athlete, nor do you have to have affiliation with a church. Student led meetings usually open with prayer and then activities range from dedication, games, and worship songs to personal testimonies. Everyone is invited to join! Taylor Smith is an instrumental part of FCA, he was leading the group before I joined the WHS staff. Working with the amazing group of students that have helped organize and grow these meetings has been awesome.

Since 1954, the Fellowship of Christian Athletes has been challenging coaches and athletes on the professional, college, high school, junior high and youth levels to use the powerful medium of athletics to impact the world for Jesus Christ. FCA focuses on serving local communities by equipping, empowering and encouraging people to make a difference for Christ.

Latest News

By: LaZaylahn Granier

A Washington high school coach has been placed on paid leave for praying on the field after games. He never made anyone join him in the prayer, but some students did so on their own. The suspension happened a day before the final regular game of the season and he cannot return to his job until he agrees not to pray while on duty as the coach. It's a tradition to him considering he's prayed on the 50-yard line after every game since he was hired in 2008. He even prayed at the homecoming game after the game in the middle of the field where he was surrounded by supporters.

Jr. High Basketball

By: LaZaylahn Granier

The basketball teams are doing really well. The boys Jr. High team is 0-5 right now, but they are making improvements each day. Currently there are 14 students on each team but one boy in basketball is injured. The girls' team is 5-1 and is currently in 1st place in their division! And who said girls don't have game? Good job girls and boys, and good luck!

Haunted History

By: LaZaylahn Granier

In 1987 a shootout is said to have happened in the Gulf County Courthouse. They say 3 people were killed. People say they hear disembodied footsteps running on the catwalk that connects the courtroom to the jail. The lights are also said to flash in the judges' chamber. What do you think?

There have been accounts by teachers' of sounds echoing through the halls and gymnasium at WHS...stay tuned for upcoming

Short Story

My Heart, Soul, & Mind

By: Samantha Lanier

My heart, soul, and, mind is someone more magnificent than you could ever imagine. The eyes of my person are bluer than the ocean itself, and the lips of my person are soft and sweet that you'd think they weren't even real. My person's kindness shines brighter than the evening star, and my persons love is greater than any army. How I wish my persons my person would acknowledge me for who I am. My person is surrounded by many people day by day, it makes it harder for me to reach my person. Day and night my mind is full of my person, and as each day goes by I lose more control over myself. How I long for my person to hold me close, and how I long for my person to be by my side forever. My heart, soul, and mind is someone more magnificent than you could ever imagine.

Poetry

Colorful Blood

By: Callie Sanders

My blood runs orange

My blood runs blue I scream

About gators, how 'bout you?

I bandage it tight how 'bought you?

No matter what my blood runs orange my blood runs blue.

Did You Know?

By: Jantezia Smith, Alexandria Pitts, LaZaylahn Granier, Samantha Lanier, Callie Sanders

Did you know that 8 percent of people have an extra rib?

Did you know the names of all continents both start and end with the same letter?

Did you know every month that begins on a Sunday has a Friday 13th?

Did you know the Islamic calendar has about 354 days?

Did you know Australia is the only country that is also a continent?

Did you know Wewahitchka High School is supposedly haunted?

Did you know a rare single-eyed albino shark was found by a fisherman?

Did you know more than 80 million Hershey's Kisses are produced every day?

Did you know the whip was the first human invention to break the sound barrier?

Did you know that in basketball the basket was actually a basket at first?

Quotes:

By: Jantezia Smith, Alexandria Pitts, LaZaylahn Granier, Samantha Lanier, Callie Sanders

The greatest pleasure in life is doing what people say you cannot do.

Don't let the fear of striking out keep you from playing the game.

Life is 10% what happens to you and 90% how you react to it.

Life is about making an impact, not making an income.

I've missed more than 9000 shots in my career. I've lost almost 300 games. 26 times I've been trusted to take the game winning shot and missed. I've failed over and over and over again in my life. And that is why I succeed. –Michael Jordan

The best revenge is massive success

Life shrinks or expands in proportion to one's courage.

I have no special talents. I am only passionately curious.
